

SIXTY PREACHERS TO ATTEND SCHOOL

Examinations of Young Ministers of Indiana M. E. Conference Will Be Held in Seymour.

CALL FIRST CLASS TUESDAY

District Superintendents Will Have Cabinet Meeting on Wednesday to Discuss Church Questions.

The annual undergraduate school of the young ministers of the Indiana conference of the Methodist church will be conducted in Seymour next week, and will be attended by about sixty student preachers and the faculty composed of fifteen ministers. The conference includes practically all of the counties in Southern Indiana south of Indianapolis and between the Ohio river and the Illinois line.

The first session of the school will be held Tuesday morning and classes and examinations will continue until Friday afternoon. Special services will be held each evening at the M. E. church during the school. This school is held each year, and this is the first time it has been conducted in Seymour for several years. The church has provided a special course of training for the preachers and each minister must make a satisfactory average before he is graduated.

There are five divisions of the school, the class of admission and four classes of training. The young ministers are promoted from one class to another until they complete the course the same as in an ordinary school. When they first apply for admission they are placed on a short probation or trial and at the close of this period their record is passed upon by the faculty and if satisfactory they are then admitted to the first year of the school.

The examinations which the applicants are required to take are somewhat rigid and the ministers find it necessary to spend considerable time in study and preparation for the various tests. The members of the fourth year's class are admitted to the ministerial work by the conference upon the report of the faculty.

On Wednesday all the district superintendents of the conference will attend a meeting here and will be the guests of Dr. F. A. Steele. The superintendents' meeting will be held at the suggestion of Bishop Charles W. Smith, of St. Louis. However, Bishop Smith will not be present Wednesday. The purpose of the superintendents' meeting will be to discuss the work of the Indiana conference and to decide several questions which will come before the general meeting a few weeks later. At this meeting the question of appointments for the various charges will be outlined so that the report may not be delayed at the conference meeting.

Infant Child Dead.

Charles, the infant son of Mr. and Mrs. Charles W. Smith of this city, died Friday at the home of the grand parents at Mitchell. Mr. Smith and family were visiting there and the child was ill only a short time. The remains will be interred at the Mitchell cemetery Sunday.

MRS. NANCY FISLAR, EARLY RESIDENT OF COUNTY, DEAD

Had Been Afflicted With Paralysis For More Than Seven Years. Was Well Known.

After suffering for more than seven years with paralysis Mrs. Nancy Fislar, one of the oldest ladies in Jackson county, died Friday evening at the family home near Farmington.

She was the wife of J. Frank Fislar, one of the pioneers of Jackson township and one of the most widely known farmers in the county. Mrs. Fislar was the daughter of Mr. and Mrs. Abraham Keller, who came to Jackson county from North Carolina when this part of the state was a wilderness. They settled in Washington township where they were successful in farming and agricultural pursuits. The deceased was born November 22, 1826, making her age eighty-five years, eight months and twenty-four days. In August 1847 she was married to J. Frank Fislar and they settled upon a farm in Washington township. After living there several years they moved to their present farm in 1854 and have resided there continuously since that time.

Mrs. Fislar was truly a noble woman, being willing to make any sacrifice for others and finding real pleasure in helping her relatives and friends. She was especially fond of her home and made a loving mother and a helpful wife. She was a conscientious christian, and her many acts of kindness and charity were done with the christian spirit and without the knowledge of even her friends.

Although she had been afflicted with paralysis for many years, she never uttered a word of complaint during her long illness. For the past two weeks her condition was critical and she was practically helpless, not being able to speak so she could be understood or to understand when spoken to by the members of the family.

She is survived by her husband and one son, Oscar, who resides on a farm in Jackson township.

The funeral services will be held Sunday afternoon from the family home conducted by the Rev. Edward L. Pettus, pastor of the Christian church. Burial at the New Driftwood cemetery.

COLUMBUS MAN JAILED TWO TIMES IN ONE DAY

Henry Lamping Found That Bluff Won't Work on The Seymour Police Officials.

Henry Lamping, a traveling salesman from Columbus, was arrested twice yesterday for intoxication, and incidentally learned that a bluff on the Seymour officers won't work. He was jailed in the morning and when he pleaded guilty was fined \$1 and costs which were paid. He told the officers, at his request, that he would leave the city at once, but before he found the traction station he visited too many saloons and during the afternoon was found staggering about the streets boasting of what he would do to the police.

Chief Abell saw him about two o'clock and headed him for the traction station and Lamping promised to take the first car north. After Chief Abell left him, however, he took on a few more drinks, with the result that he was thrown out of several saloons and business houses. About four o'clock he was spotted by Officer

LIFE'S DISAPPOINTMENTS

PENSION CHECKS WILL BE RECEIVED

President Taft Signs Appropriation Bill and Money Will Be Available The First of Next Week.

MANY HERE AWAITING NEWS

Checks Were Due Several Weeks Ago, But Were Held Up by The Senate and The House.

The local pension checks which have been delayed for some time on account of the difficulty of passing the appropriation bill, will be received the first of next week. A dispatch from Washington today says that the first official act of President Taft today was to place his signature to the bill, which was passed by both houses a few days ago. The bill makes an appropriation of \$160,000,000 for the payment of the pensions which have been held up.

As soon as the President's signature was placed to the bill the money became available and the eighteen pension agencies in the United States were notified by telegraph to start the payment of the money at once. The pensioners here will receive their checks Monday and it is believed that all of them will be received not later than Tuesday.

SPREADING RAIL CAUSE OF WRE

Six Cars on Fast Pennsylvania Limited Leave the Track Near Van Wert, Ohio.

FT. WAYNE MAN IS INJURED

Express Was Running Sixty Miles an Hour When the Accident Occurred.

Van Wert, O., August 17.—A Bernard, of Forty-fourth street Lake avenue, Chicago, was probably fatally hurt and scarcely a passenger among the fifty-nine passengers board escaped without minor injuries when six cars of the Pennsylvania eighteen-hour flyer, New York to Chicago, were derailed at Middletown six miles west of here today.

The engine, observation and dining cars remained on the track. Two Pullman coaches turned over completely into a corn field. The train, with Conductor John Waltz, of Ft. Wayne, Ind., was running sixty miles an hour when the accident occurred. A spreading rail was said to be the cause.

A special train was made up at Van Wert and all of the injured were taken to Ft. Wayne. According to officials of the road at Van Wert, no passenger excepting Bernard was seriously injured.

A piece of a broken rail penetrated the end of the coach and was the cause of having struck him over the head fracturing his skull.

"I don't know what caused the accident," engineer Latham said. "I was running sixty miles an hour and as the track is straight at this point it is not uncommon for trains behind time to attain a speed of seventy miles an hour. We were on schedule."

THIRD LARGEST CORN CROP IS PREDICTED

Report is Made by Secretary of Agriculture Wilson—Good Oats Yield.

While it is predicted that Jackson county will have one of the largest corn crops this year in its history, there have been several reports as to the condition of the fields in other counties and states. It appears, however, that there will be a good yield all over the country, and Secretary of Agriculture Wilson gives the following report:

"This year the corn crop will reach more than 2,800,000,000 bushels, or the third largest in the history of the country. This will lower the price of beef an appreciable degree, and will be aided by the splendid hay and oats crops that will be harvested. Of course, the price of beef will never be as low as it was at one time.

"This is due to the fact that the broad grazing lands have been split into homesteads, and the space is not available for the grazing of a sufficient number of cattle to meet the demand.

"The oats crop is expected to be the largest that we have ever harvested, while the hay crop will be tre-

MAKE AN INVESTIGATION

THE BEST OF BOTH

They had quarreled and were returning the presents.

The love tokens made a pitiful display on the polished center table.

The man added a blue knit tie to the little heap in front of him, and then they were silent for a while.

"Mr. Brown."

"Yes, Miss Simmons."

"I feel that I am taking an advantage of you."

"In what way?"

"You have given me almost countless boxes of candy and no end of good dinners. I can't return those to you. I have eaten them. They are now a part of myself. And so, as I want to be honest with you, George, the only way I can settle this part of the transaction is to—give you myself."

And the quarrel ended then and there.

A Promising Witness.

"Now, Pat," said the prosecuting attorney, "we need your testimony in this automobile case to secure a conviction. You say the defendant was going at a terrific rate of speed. Now, just tell us how fast do you mean by that?"

"Sure," said Pat, "he was goin' so fast I niver even seen the kyar!"—Harper's Weekly.

APPROPRIATE.

Mr. Bug—Mr. Angle Worm is a great fellow for selecting presents.

Mrs. Beetle—How do you know?

Mr. Bug—Why, he gave Mrs. Grasshopper's baby a jumping-jack.

Village Blacksmith.

The village blacksmith hides away beneath the chestnut bow. With altered biz the blacksmith is a motor expert now.

Musjudged.

"She seems always to say just what is on her mind."

"Yes, she seems never to pause to reflect."

"You do her an injustice; she spends half her time before the mirror."

Beforehand.

"So you are abroad?"

"Yes. I'm on my way now to the Henry W. Stiggins."

"Why, the Henry W. Stiggins doesn't leave until tomorrow."

"I know it. I merely want to count the lifeboards on board."

All Champions.

"So they are married?"

"Yes; he's a champion golfer."

"And the girl?"

"Is a champion bridge player."

"Where shall they live?"

"With the bride's father. He's a champion bricklayer."

In Doubt.

"I believe that fellow was swindling me I gave a subscription to."

"What did he say?"

"Said he was collecting to equip a football team of the Electoral college. Where's that?"

A STRIKING DEFECT.

Daub—Your manager pronounces it a very striking likeness.

Champion Pugilist—Not on your tin-type. Where's de chump wot's gittin' de punch?

A Sad Sight.

Nothing Vulgar for Her.

Mr. Nurtch—I think I'll take the bracelet. You are sure it is made of refined gold?

Jeweler—Yes, madam.

Mrs. Nurtch—Because I do detest anything that isn't refined.

NEW HANDKERCHIEF HAT

Photograph by Underwood & Underwood, N. Y.

A new creation copied after the Indian Rumchamda hat. The trimming of the handkerchief, which is of a plaited Indian silk, covers a Leghorn straw. A feather running on the side of the hat completes the trimming. It is good for summer outdoor wear and prevents sunburn.

COMBINE BLACK AND VIOLET

Mixture of Colors That the Expert Dressmaker Uses to Much Advantage.

Dress is most alluring this season, and there is such variety in style that not only every taste but every individual figure can be suited. Black and violet as regards dress for reception and every afternoon wear is a fashionable alliance, and we note it principally in taffetas and satin costumes, while with the black cloth or sponge tailor-made a blouse of bright velvet charmeuse and gurgure insertion veiled with black ninnon de soie is a fitting accompaniment.

The mauve foulard with black or mauve ninnon overskirt is being exploited with success, as is the pannier coat costume of black and deep purple Liberty satin.

A charming model of this style has the coat gathered at the waist, with belt coming high in front and made of exquisite black, purple and ecru embroidery. This continues in band form on either side of the coat fronts, while the bodice portion is arranged in wide pleats, and the pearl-shaped sleeves reach only a little way below the elbow.

IN OLD ROSE.

Here is quite an inexpensive dress of old rose caseant cloth. The skirt has a seam up center front and is trimmed with a fold of black satin and a row of black buttons with simulated holes.

The bodice, which is cut Magyar, is tucked each side front and back, also on the sleeves; it fastens in front, where it is trimmed like the skirt. The collar is of the material finely tucked, and a black bow finishes the neck.

Hat of cream Tagel, trimmed with lace and roses.

Materials required: Four yards 40 inches wide, one-half yard satin on the cross, about four dozen buttons.

The Corsage Bouquet.

The corsage bouquet is one of the prettiest fancies in dress ornamentation. On special occasions, when one wishes the austere tailor-built costume to take on a glorified and festal air, a modish flower arrangement pinned to the coat front will work a very pretty miracle. The most fashionable of these artificial posies is a combination of orchids with lilies of the valley, or, if the bouquet is of violets or roses, sprays of lily of the valley must be tucked in.

AVOID THE COLORED FROCK

Average Woman Will Make No Mistake When She Pins Her Faith to White Material.

The woman of limited income should not be tempted by colored linen frocks. They are not a wise investment when gowns must necessarily be few in number. They are almost sure to fade, and even while they possess all their original glory they cannot be touched up and varied by colored cravat and belt, as the white outfit can. Such is the imperishable beauty of white that even the inexpensive material known as sailcloth, which can be bought for about 30 cents a yard, can be made to look smarter than the average colored linen. Those venturing upon costumes of sailcloth should, however, to make assurance doubly sure, see that the material has been well shrunk before it is made up.

Now the "Jupe Pantaloon."

The latest thing in tailormades is the "jupe pantaloon." It has little in common with the "jupe culotte," or harem skirt, except that that gave us the bottom of the trousers, and the "jupe pantaloon" gives us the top of the same garments. It is a skirt with a series of little close gatherings at the waist. These are confined by small buckles similar to the one used on a man's trousers. At each side of the skirt is a pocket, and in order to complete the resemblance to masculine wearing apparel, braces fastened by buttons back and front hold up the skirt. With this garment is worn a shirt of white percale, perfectly flat and plain, with long sleeves, wristlets and a high stiff collar, in fact a man's shirt in all its unadorned severity. The wearers of the "jupe pantaloon" costume when sitting around their clubs, smoking cigarettes, look at first sight like men in their shirt sleeves.

Collarless Frocks.

The girl who realizes how extremely becoming the collarless frock has proved to be will be glad to learn of its continued popularity.

For this reason the high-neck ruffles and ruches of tulle, chiffon and taffeta, with their small clusters of flowers set at intervals around the collar, will be worn when furs are discarded and it is necessary to have some protection.

If one chooses to wear a collarband, it must be unusually high. In models from Paris the high collars are shaped to follow the outline of the hair back of the ears.

The little pleated frill, so dear to the French woman, makes a soft becoming line around the face.

Plush for Winter Hats.

Hatters' plush is expected to be used on many of the new fall hats, and heavier cloth will doubtless be seen on the tailored hat. This cloth will probably be popular with the business women, as it wears so well, and a hat of beaver looks trim and neat to wear with a tailored suit. Dresden taffeta will be much used for trimmings, especially in the way of large bows.

For the Small Boy.

One of the prettiest novelties this season is the suit of brown linen for small boys. These are embroidered with silk to match. Sailcloth is a practical material; it launders well, holding its color. For warm weather these are made with knickerbockers and tunic tops caught about the waist with a belt. Dark blue sailcloth linen with collars and cuffs of white is another pretty combination.

Ribbed Fabrics.

It is said on good authority that corded weaves will be very popular in the autumn. These new ribbed fabrics will include materials so light in weight as to be suitable for dress draperies and heavier ones adapted for suits, outer wraps and trimmings.

"THE BOYS' FRIEND" MAKES ITS FIRST APPEARANCE HERE

Magazine is Edited by the Rev. A. W. Conner, Founder of the Boys' Friend Movement.

"The Boys' Friend" issued from the press of C. S. Mercer & Co. of this city, and edited by the Rev. A. W. Conner, founder of the Boys' Friend Movement, well known to many Seymour people, and to the boys of the city in particular, as a boy specialist of merit and peculiar force, has made its first appearance and will be issued monthly in the interest of a better and purer American boyhood. This publication is designed to forward the policy advocated by the Rev. Mr. Conner, by which the boy and his parents may become more closely related in sympathy, thought and interest. It is the dominating thought of the Rev. Mr. Conner's work to make friends for the boy, and it is in this behalf that he is devoting his life work.

The publication is well edited, goes to the kernel of the situation, and ought to accomplish a good work in the new interest that is springing up all over the world in regard to the boy problem. It is neatly printed, and has been well received by the Seymour citizens.

ESTATE OF THE LATE SIMEON SMITH AMOUNTS TO \$750,000

According to Will Large Part of It Will Go to DePauw University.

The late Simeon Smith, who died a few days ago at his home near Bloomfield, leaves a large estate amounting to \$750,000. He was a brother of Mrs. Ida Miller of this city.

A dispatch from Bloomfield has the following:

Mr. Smith was reputed to be the wealthiest citizen of Green county. He leaves an estate estimated at \$750,000. His wife died three years ago. The nearest relative is a sister, Mrs. Miller, of Seymour. He had given liberally to the Methodist church of Bloomfield, of which he was a member; to the Bloomfield public schools, and to DePauw university. In DePauw's campaign last year for half a million dollars, Mr. Smith's contributions ran into thousands. He is known to have left a will, and a large part of his estate will go to DePauw. The Methodist church here will also be generously remembered.

THIS LADY'S GOOD APPETITE

Mrs. Hansen, In a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble."

My husband asked me to try Cardui. I felt better after the first bottle, and now, I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardui.

Cardui is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

Funeral Services Held.

The funeral service of the late William Wallace was held Friday afternoon at the home of his sister, Mrs. George Murray. Mr. Wallace was born at Chestnut Ridge, October 26, 1873 and was son of Mr. and Mrs. William Wallace. He grew to manhood in Seymour. His death was due to a supposed accident near Peru on August 14. He was united in marriage to Miss Myrtle Taskey, February 3, 1907. He is survived by his widow, two step daughters, Miss Esther and Irene and also leaves his father, William H. Wallace, a sister, Miss Edna Wallace of Indianapolis, a sister, Mrs. George Murray and a brother, Charles of this city. His mother died several years ago.

F. W. Wesner received an invitation this morning to attend the Wesner family reunion which will be held at Brookside Park at Indianapolis September 2.

TAFT MAY VETO THE CANAL BILL

Not Favorable to Free Tolls
Provision.

WILL PASS THE HOUSE TODAY

Senate Having Accepted the Conference Report on Measure, This Much Discussed Bill Now Goes to House, Which Will Quickly Pass It Up to President, Whose Attitude Toward Same Is Known to Be Unfriendly.

Washington, Aug. 17.—The prospects of the president vetoing the radical Panama canal bill are improving, it is said. Mr. Taft told several callers that he was uncertain what he would do in regard to the bill when it finally was laid before him. As indicating his unfavorable attitude toward the free tolls provision in this bill, it has been learned that the president himself only a day or two ago sent letters to Chairman Adamson of the house, and Chairman Brandegee of the senate conferees, suggesting a provision which might relieve the present situation. The president urged that an amendment be added to the bill conferring upon courts of the United States jurisdiction to pass on damage suits brought by aliens on account of the free toll provision in the bill. This would in effect confer upon the courts the power of construing the Hay-Pauncefote treaty and in the event of decision against the United States would result in the nullification of the free tolls section of the bill.

The president's suggestion, however, came too late, as the conference report had been completed and agreed upon.

Representative Adamson, who is a Democrat, wrote to the president contending that the powers which he proposed were in effect conferred on the new district court that is to be created on the isthmus, but other conferees differ from Mr. Adamson on this point.

The conference report on the Panama bill was adopted by the senate by a vote of 49 to 18. The bill will pass the house today and will then be laid before Mr. Taft.

A new element of opposition to the bill has made its appearance. Organized labor was heard from in opposition to the section of the bill which allows foreign built vessels to be admitted to American registry if they are owned exclusively by Americans.

THROW BOLTERS OUT

This Is the Word the President Passes on to His Party.

Washington, Aug. 17.—President Taft calls upon Republicans of the country to throw the bolters out of the party and prevent them from posing as regular organization men. In a speech to the Maryland Republican Editorial association he said: "All we ask is a fair fight—a man cannot be in the Republican party and in the third party at the same time, and should be compelled to make his selection."

The president also branded as "dishonest" electors who will remain on the Republican ticket and then vote for Roosevelt for president. The president's speech was the first time he had disclosed his idea of how the campaign ought to be conducted. The president makes it plain that the Republicans who are trying to straddle the political fence will not be permitted to roost there long if he can help it.

No Necessity For Operation.

Los Angeles, Aug. 17.—Nat Goodwin, who was injured when his boat was cast ashore, complains of much pain at the base of the spine. His physician said that partial paralysis had set in. He called a consultation of surgeons. After examining Goodwin the surgeons declared that danger of fatal result was passed and that with rest and quiet the actor would soon improve. It was decided that there was no necessity for an operation.

Walked Out With Books.

Cleveland, Aug. 17.—The women's auxiliary of the Typographical union, in session here, is in turmoil. The main body is awaiting the return of the books by Mrs. Frank W. Long, secretary and treasurer, who walked out of the convention, followed by a small coterie, because her choice for stenographer was not that of the auxiliary.

WAITING FOR HIM ON THIS SIDE OF BRIDGE

How Orozco Lost One of His
Chief Lieutenants.

Washington, Aug. 17.—According to a dispatch received at the state department from Consul Edwards at that city, General Orozco, principal leader in the Mexican revolution, has withdrawn from Juarez, which now promises to be retaken by the government forces within a day or so. Orozco left only a small guard to protect the city. He also left behind one of his principal lieutenants, Colonel Robelo, who was arrested by a special agent of the department of justice as soon as he crossed the international bridge. Colonel Robelo stated that he was coming across to the El Paso side to telephone to Colonel Steever, in command of the American force, to ask that he prevent suspicious characters from going to Juarez and sacking the town during the absence of the rebels. Robelo has been wanted by the American authorities for several weeks on charge of violating neutrality laws and smuggling arms and ammunition.

REBELS WITHDRAW

Our Marines Had a Quieting Effect
Down in Managua.

Washington, Aug. 17.—The appearance of 350 marines at Managua had a quieting effect on the rebel forces that have been bombarding the Nicaraguan capital since last Friday, according to a telegram received at the state department from Minister Weitzel. The minister said that as soon as the marines joined 100 bluejackets already on the ground, guarding the American legation. General Zeladan, commanding the rebels, began to withdraw. At night he had reached Masaya, eighteen miles from the capital.

Another Massacre Reported.

Cettinje, Montenegro, Aug. 17.—Reports are gaining circulation in the capital of another massacre of Christians by Mohammedans in Albania. A band supported by Turkish troops attacked a section of the Christian population of the Berana district of Albanis, which lies close to the Montenegrin frontier. A fierce fight ensued and women and children are reported to have been murdered by wholesale. Many girls were made captive and carried off by Mohammedans.

TERSE TELEGRAMS

SENATE ACTION SUPPORTS TAFT

Veto of Steel and Wool Bills
Sustained.

NO TARIFF LEGISLATION NOW

Refusal of the Upper House to Pass These Measures Over President's Formal Disapproval Means That Tariff Reformers Are Doomed to Disappointment at This Session—Regulars and Insurgents Unite.

Washington, Aug. 17.—By declining to pass over President Taft's veto of the wool and steel bills, the senate cleared up the tariff program for this session. These are the measures that the house passed over the president's formal disapproval. The senate's action means that there will be no tariff legislation at this session.

The senate votes on the steel and wool bills were decisive. The steel bill came up first upon the motion of Senator Simmons of North Carolina, the ranking minority member of the finance committee. The vote was a strict party division, 32 ayes and 39 noes, and was the first instance in a long time where the Republican regulars and insurgents seem united.

On the wool bill, however, there were 39 ayes to 36 noes. The measure failed, however, as 50, or a two-thirds vote, was necessary.

Plans have been perfected whereby the naval appropriation bill with a provision for one battleship will be railroaded through the house and the senate without further delay. The bill will be called up in the house today and under agreement will be debated for one hour and a half.

By a vote of 143 to 96 the house adopted as a substitute for the Bourne parcels post plan, the compromise bill presented by Mr. Lewis of Maryland. The house then sent the bill to conference with instructions to its managers that they should make a fight for the Lewis bill. The indications are that the Lewis bill will be the subject of a compromise by the conferees.

POLICE LAXITY

Gotham's "Finest" Coming in For Another Investigation.

New York, Aug. 17.—An immediate investigation into the conduct of Police Lieutenant John Becker, brother of Lieutenant Charles Becker, under indictment for the Rosenthal murder, and other tenderloin detectives, was ordered by Police Commissioner Waldo in connection with a story of alleged police laxity in failing to arrest recently a wire tapper while the swindler was lurching with his intended victim.

The plan is for the trials of the men accused of the murder of Rosenthal to begin on Sept. 3. The district attorney is not yet sure which of the defendants he will bring to trial first. He is inclined to think that he will try the actual murderers before he takes Lieutenant Becker into court.

"Tenderloin" Inspector Suspended.

New York, Aug. 17.—As a direct result of the disorderly house raid made by the district attorney's staff, Inspector Cornelius G. Hayes, police commander of the new tenderloin, was stripped of his gold badge, reduced to the grade of captain and suspended from duty.

SPECIAL INQUIRY

Dix Calls Extra Session of Court to Investigate Alleged Boodling.

Albany, N. Y., Aug. 17.—Governor J. A. Dix has called an extraordinary term of the supreme court to convene in this city on Sept. 16 to investigate certain matters relating to the conduct of public affairs in the city and county of Albany. The convening of this extraordinary term is the outgrowth of the testimony presented to the special committee of the state senate which probed the affairs of Albany city and county in the fall of 1911.

It is believed special attention will be paid to elections in Albany and the alleged use of money in connection therewith. The alleged contribution of money by city and county employees for election purposes is another matter of possible inquiry.

Thousands Sign Petition.

Madison, Wis., Aug. 17.—Clarence F. Dietz filed with Governor McGovern petitions asking for the pardon of his father, John F. Dietz, the "defender of Cameron dam," convicted of killing a deputy sheriff in 1909, and sentenced to life imprisonment at Wausau. The petition contained more than 23,800 signatures, obtained from all parts of Wisconsin.

Robber Escapes With \$3,000.

Asheville, N. C., Aug. 17.—A lone masked train robber boarded a Southern railroad train as it was leaving Biltmore, three miles from this city, and, covering Express Messenger E. F. Carr with a revolver, secured a package containing \$3,000 in bills, then escaped.

REGARD KNOX'S VISIT AS AN IMPERTINANCE

Japanese Resent "Dollar Doctrine" at Funeral.

Paris, Aug. 17.—In reply to a question as to the truth of the statement that the visit of Mr. Knox, the American secretary of state, to attend the mikado's funeral was resented in that country, a Japanese financier whose official mission in Paris prevents his name being given, said: "Mr. Knox's presence at the mikado's funeral is viewed by the Japanese, high and low alike, as evidence of gross bad taste. Evidently the Japanese foreign office is unable to say so, as courtesy is a primordial factor in my country. Nevertheless, we Japanese who will see him at the mikado's funeral will feel that he is in our country on business, that he is working his dollar doctrine. We regarded the mikado with veneration, and the presence of any business element at the coming sacred rite is to us an impertinence. He may assure us of America's friendship, but we do not need to be taught what we well know."

Knox Starts For Tokio.

Washington, Aug. 17.—Secretary of State Knox started last evening for Japan at the head of a special American embassy to attend the funeral ceremonies for the late Emperor Meiji. At Seattle Mr. Knox will board the armored cruiser Maryland and will arrive at Tokio Sept. 11. The funeral ceremonies, which will begin on Sept. 13, will continue for three days. The party will return to Seattle about Oct. 12.

Populace of Morocco Indifferent.

Rabat, Morocco, Aug. 17.—Mulai Youssef has been proclaimed sultan of Morocco in succession to his brother, Mulai Hafid, who abdicated in his favor. The populace displayed complete indifference.

A BIG MEETING OF DEMOCRATS

Large Company Will Attend
Marshall Notification.

PREPARING THE FINAL PLANS

General Committee on Arrangements For the Indianapolis Gathering Announces the Receipt of Word From Party Leaders Over the Country That They Will Be Present When Gov. Marshall Hears of Nomination.

Indianapolis, Aug. 17.—Fred B. Johnson, secretary of the general committee on arrangements for the Marshall notification next Tuesday, has received letters from the following members of the notification committee stating that they will be present:

C. C. Craig and wife, Galesburg, Ill.; John J. Mahon, Baltimore, Md.; Gardner Greene, Tell City, Ala.; Claude B. Terrell, Bedford, Ky.; B. Dansard, Monroe, Mich.; Joseph E. Nowery, Camden, N. J.; P. W. Shea, Orleans, Neb.; John C. Mills, Rutherfordton, N. C.; Marshall Hicks, San Antonio, Tex.; S. O. Wofford, Eureka Springs, Ark.; Charles B. Cooke, Richmond, Va.; James F. Meara, Torrington, Conn.; Asher R. Johnson, Bradford, Pa.; R. W. Young, jr., Salt Lake City, Utah; Alton B. Parker, New York.

In addition he has letters from National Chairman McCombs, Vice Chairman W. J. McDoo and Lewis Nixon of New York, stating that they will attend, together with half a dozen or more persons from the national headquarters. James McBeath of Meridian, Miss., Democratic national committeeman from Mississippi, also has accepted the invitation.

Invitations have been sent to Fred A. Sims, Republican state chairman; Edwin M. Lee, Bull Moose state chairman, and Charles W. Fairbanks, former vice president, to occupy seats on the platform at the notification exercises.

DAZED BY BLOW

Martinsville Minister Attacked on the Street by City Marshal.

Martinsville, Ind., Aug. 17.—As a result of feeling aroused over his action in striking the Rev. L. K. Dilts, pastor of the Baptist church, while the latter was talking to a friend in the street, City Marshal Skinner tendered his resignation to Mayor Hastings and it was accepted. Mr. Dilts says the marshal came up to him and laid his hands on his shoulder, and that when he told him to "let go and go about his business," Dilts says the marshal struck him with his mace. Mr. Dilts thinks the marshal struck him twice, but he is not certain. He was dazed by the blow, and friends assisted him to a physician's office. Later he was taken to his home, where he is still confined.

Skinner refused to make any statement as to his side of the matter. He was later arrested in his room by Sheriff Marley. A large crowd followed them to the jail. Mr. Dilts has criticized the marshal frequently, and this is supposed to have caused the trouble. Policeman Eoff has also tendered his resignation to the police because of the feeling that has been created against the officer.

Some Intensive Farming.

Hammond, Ind., Aug. 17.—An acre of unsightly ground adjoined Hammond fire station No. 4 last spring. During their spare time this summer the firemen made it into a garden spot and upon it raised 110 bushels of potatoes, 1,110 cabbages, seven bushels of sweet corn, four bushels of cucumbers, ten bushels of onions, six bushels of tomatoes, five bushels of radishes, five bushels of beans and smaller quantities of garden truck. Besides supplying their families' tables during the summer, the firemen realized \$300 from the sale of the vegetables.

NEWSY PARAGRAPHS

A daughter was born Aug. 16 to Mr. and Mrs. James Clark in Glenlawn.
Mrs. William R. Stewart is quite ill at her home on West Fourth street.
A son was born Aug. 16 to Rev. and Mrs. L. H. F. Ackerman at Jeffersonville.

Mrs. Barbara Ruddick is seriously ill of typhoid fever at the home of her son, George Ruddick near Farmington.
Dr. F. A. Steele, superintendent of the Seymour district of the M. E. church went to Ogilville this morning where he will conduct regular services Sunday.

Joe Doss, the negro, who was arrested here several days ago after being chased several blocks by the local officers, pleaded guilty to train hopping at Columbus, and was fined \$1 and costs. It is understood that he will be held until the charge of drawing a weapon upon Brakeman Frank Moore can be more fully investigated.

The funeral services of the late Harry Gosney were conducted from the residence this morning at 8:30 o'clock by Rev. Edward L. Pettus of the Christian church. The remains accompanied by the widow and George Leibbrandt were taken to Butler, Ky. for burial.

E. F. McCafferty, formerly foreman of the B. & O. S-W. roundhouse in this city, came from Flora yesterday evening and returned this morning. He will remain at Flora for a few weeks when he will be transferred to Dayton, O. where he will become the foreman of the C. H. & D. roundhouse, and will have charge of thirty-five machinists.

CROWD TOO BIG

Police Had to Close Doors at Roosevelt Opening.

Providence, R. I., Aug. 17.—Colonel Roosevelt made the opening speech of his campaign in Infantry hall here last night. Fully 2,500 people were seated in the hall three-quarters of an hour before the time announced for the appearance of the speaker, and it took a pitched battle on the part of the police to close the doors against the crowd that was struggling vainly for admission. The colonel's greeting was enthusiastic and during the progress of his speech he was frequently interrupted by cheers.

Made Long Argument.

Los Angeles, Aug. 17.—Contrary to expectations, the Darrow case did not go to the jury last evening. District Attorney Fredericks, who began his argument Thursday at 2 o'clock, did not close until 4:40 yesterday afternoon. Judge George H. Hutton then announced his instructions to the jury would not be ready before 8 o'clock this morning.

He Wanted Courage.

Fort Wayne, Ind., Aug. 17.—A negro named Julius Smith took a drug to give him courage and fell asleep while attempting to rob the home of W. W. Rockhill. He was betrayed by his snoring. Rockhill was awakened by the noise and found the negro asleep on the floor just outside his bedroom door.

Trouble With the Eyes.

Sometimes tiny hairs become loosened and get beneath the eyelids. Before going to all the trouble of examining the upper and lower lids, fill the wash bowl with cold water and open the eyes under water. Open and shut them several times, and in nearly every instance this will wash out the bothersome hair. It will at least loosen such a hair so that it may be easily removed by the cotton-tipped toothpick.

Artesian Wells Long Known.

Chinese have obtained water through the means of artesian wells for over a thousand years. One of the most famous wells in existence is that of Grenelle in the outskirts of Paris, where the water is brought from a depth of 1,796 feet. It yields 516½ gallons of water a minute. A well in Pesth was sunk to the depth of 3,100 feet in the '70s.

Warning to the Doctor.

Never, in a moment of forgetfulness, advise the parents of a child whom you operated upon a year before for the removal of adenoids that the child is suffering from impeded nasal respiration and should have its adenoids removed.—Medical Review of Reviews.

Where the Devilry Begins.

"All the devilry between the sexes begins at their separation. They're foreigners when they meet, and their alliances are not always binding. The chief object in life, if happiness be the aim, and the growing better than we are, is to teach men and women how to be one; for if they're not, then each is a morsel for the other to prey upon."—George Meredith.

meat. In fact, every product will be harvested in great quantities, with the exception of cotton, which will fall slightly below the average. The wheat crop will total about 680,000,000 bushels, and grass, potatoes and the smaller grains will be harvested in abundance.

"The good peach crop, which is being gathered throughout the peach district is taken as an indication that all fruit will be in large quantities this year. Apples, as they appear at the present time, are excellent, but, of course, weather conditions may change this. Altogether, the outlook is so promising as to indicate a reduction in the cost of living next winter."

Fell Into Fiery Furnace.

Gary, Ind., Aug. 17.—John Cassidy, aged twenty-five, an employee of the United States Steel corporation, overcame by heat, fell from a crane into an open furnace, thirty feet below. His was the fourth death in a week at the plant.

Released on Own Recognizance.

Mt. Vernon, Ill., Aug. 17.—Mrs. Grace Bullock, who was held for killing her husband, George Bullock, was released at her preliminary hearing on her own recognizance to await the action of the grand jury.

THE DIFFERENCE

Did you ever see two men walking down the street, both dressed equally as well with the exception of the shoes worn by one? If not, bear this in mind, and see if the man with the well shaped shoes does not look fifty per cent. the better. And remember this applies to woman's dress as well. No matter how handsome the suit, or pretty the dress, you will not be well groomed if your shoes are not in good repair. Observe.

ANNA BELLE GOES GOLFING

Dear Friends:—We all went golfing a few days ago, and really I'd enjoy the game very much if there wasn't so much walking. I like to walk, but golf seems to be mostly all walk and no play. Harold was caddy for Sister Mary and me, and he says he didn't see where his fun came in. I am showing you the costumes which Sister Mary, Harold and I wore, and I hope you will like them. Listen, here is my plan for you to get the certificates of membership in the ANNA BELLE SEWING SOCIETY. In my next letter I will tell you when to call for them at the office of this paper. If you cannot call, enclose a two-cent stamp with your request for them and they will be sent to you. Now, be sure and do not go until after I tell you just when they'll be ready for you which will be in my next week's letter. I'm sure you will then be very proud of your membership in the greatest society of good girls and boys in this whole country. I'm so enthusiastic over the success of our Society and every mail brings me letters from my friends who are also very much interested and so many of them have already organized Societies. I hope that you will do your very best to help me all you can for without the help of friends no one can do anything of much worth. If you only knew how much I'm depending on you, you would sit down right now and write me that you are just as enthusiastic about the SEWING SOCIETY work as I am. I'll be so glad to get your letters and should you be one of my new friends and not

SEWING SOCIETY—be sure and send me a stamp at next week so you will know when you can get the certificate of membership. Address all letters to the office of this paper.

Anna Belle
